Use and Care instructions for your Madison Park Signature Furniture

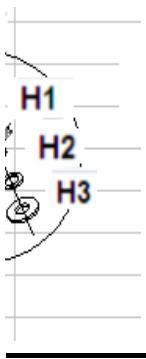

Your wood furniture can be cleaned using a damp soft cotton cloth to wipe it down, then wipe dry with a second cloth. Some spray and liquid furniture polishes can change the sheen (how shiny your furniture is) of the finish. If you use a product like this to clean your furniture you should first test it in an inconspicuous part of the furniture. Upholstery should be cleaned using a quality product intended for furniture upholstery. It is best to not place your furniture in direct sunlight as it can fade the finish over time. Always lift your furniture when moving it as dragging it can cause damage.

Thank you for your purchase
